Enthusiastic and detail-oriented Computer Science student seeking a Web Developer internship at a forward-thinking fintech company. Passionate about building scalable, responsive, and visually appealing user interfaces using modern technologies like React, TypeScript, Node.js, and Tailwind CSS. Eager to contribute creative and technical expertise to deliver high-quality digital products.. I am really passionate about computer science and I am committed to learning, improving my skills and making impactful contributions to your company and the computer science community world wide.

## WORK EXPERIENCE

2023-11 -  
Current

### Freelance Web Developer

Self-Employed, Ibadan (Remote)

- Developed responsive websites using HTML, CSS, and JavaScript, enhancing user experience and accessibility across multiple devices.
- Built and deployed multiple personal and freelance web projects using React, Node.js, and Tailwind CSS, emphasizing responsiveness and smooth user experience.
- Optimized performance and accessibility, improving load times on select projects.
- Collaborated with UI/UX designers to refine prototypes and ensure design consistency.

2023-09 -  
2024-05

### UI/UX & Graphic Designer

CMS Brand and Prints, Ogbia, Lagos. (On-site & Remote)
